All-round platform trolley

**MAX. LOAD CAPACITY
210 KG, 300 KG & 500 KG**

De Altrad all-round platform trolley has been specially designed for professionals. This trolley is available with different wheels, is stackable and has a very high load capacity. The ingenious design offers many advantages for every craftsman.

Benefits:

- Strong and handy design
- Available with 2 fixed wheels and 2 rubber castors, with 4 rubber castors, 4 nylon castors and with 4 rubber heavy duty castors
- **Very high load capacity of 210 kg (version with 2 or 4 rubber castors), 200 kg (4 nylon castors) and 500 kg (4 heavy duty castors)**
- Made from high-quality HACCP-safe plastic, with grid on the bottom for extra strength
- **Stackable, thanks to four recesses for the wheels**
- Rounded edges to prevent damage when in contact with walls
- Convenient placed handles and equipped with a practical eye for attaching a drawstring
- Optional: rubber anti-slip strips
- **Packed per two**
- **80 on a pallet**
