Foldable aluminium ramps

**MAX. PEAK LOAD
OF 1800 KG**

The Altrad foldable aluminium ramps are ideal for driving dumpers or wheelbarrows into trailers, (pick-up) trucks, for dumping in containers, et cetera. For example with mini dumpers like the Belle Mini dumper or the E-PowerBarrow electric dumper, or with small excavators. Thanks to the robust design, the ramps have a max. peak load of up to 1800 kg per pair when used parallel to each other. They are perfect for gardeners and delivery services.

Benefits:

- Very robust from high-quality aluminium
- Light in weight, only 14.8 kg per piece.
- **Max. peak load of 1800 kg** per pair, used parallel with max. distance of 75 cm
- Foldable, for easy transportation and storage
- **Optimum drive height 66 cm**
- Equipped with handles for easy use and transport
- Packed as a pair of 2 in a box
- **Only suitable for dumpers with wheels, not with a caterpillar track**
- **DISCONTINUED PRODUCT. ONLY AVAILABLE WHAT'S LEFT IN STOCK.**

Technical specifications

Model	Aluminium ramps
Articel number	RPALPL240
EAN code	3700018101726
Dimensions unfold LxWxH (mm)	2400 x 240 x 60
Dimensions folded LxWxH (mm)	1230 x 240 x 160
Safety coefficient	2,5
Weight per piece (kg)	14,8

MAX. LOAD 900 KG / PAIR

WITH HANDLES FOR EASE OF USE

PACKED PER PAIR
