These two extra strong combination plate compactors have been developed for compacting broken and mixed materials and can be used for both hot and cold asphalt in confined areas such as retaining grounds and roads. The ideal plat compactors for gardeners, for example for the construction of small paths and terraces.

Benefits:

- Motor protection frame that also has a lifting point
- Molded base plate with rounded edges
- Anti-vibration system reduces vibration in the fingers, hands and forearms
- Foldable handle for easy maneuvering, for compacting under obstacles and for transport in a car or bus
- Reinforced centrifugal clutch for longer belt life and simplified belt adjustment
- Grease lubricated bearings
- Optional: removable wheel set and rubber bottom plate
- Optional: water kit with spray bar to prevent asphalt on the bottom plate and to reduce spurring sand / dust
- Can also be used to vibrate (slightly) broken rubble
- Parts for maintenance are available quickly

Model: PCX 12/36

Technical specifications

Model	PCX 12/36	PCX 13/40	Wheelkit	Block paving pad	Water spray kit
Article number	62675	63357	63282	63132 (12/36) 63279 (13/40)	63255
