

REACH (EC 1907/2006) Compliance Notification

The products manufactured or imported by STARCO for re-sale or distribution are classed as "articles" under REACH. STARCO is aware of the obligations set out by REACH, and have communicated with our suppliers. Based on information received as a downstream user I can confirm that all products currently supplied to Altrad are REACH compliant. STARCO are in regular contact with suppliers and we shall continue to inform you of any changes.

We further state our intention to comply with future updates to REACH when they are published by the European Chemical Agency.
